Holly,

It was the Coast Guard Duty Station in Houston, TX; the number is 832-256-3258 & is covered by different people. They say it's a 24-hour number.

Hi Gary,

Do you remember the name and/or office of the person you talked to from the Coast Guard earlier today? We want it in case we need to contact them for similar operations in the future. I checked with Wendell, and in the past we've only have to notify them when constructing from water access (i.e. barges).

Thanks and happy New Year!
